2023 BUDGET ANALYSIS

Prepared by Carla Chernencoff

Monthly Budget Analysis

Income

In order to continue your current standard of living, you need to increase monthly income by a minimum of \$50.

Expenses

Each month, you spend \$50 more than you make.

The largest variable expense incurred each month is dining out / take out food.

Recommendations

- 1. Allocate some time each month to work on increasing business revenue.
- 2. Cook at home more.
- 3. In our next session, let's discuss a meal plan that includes fast and easy meals to prepare.
